Application and OSP Review Form – Individual Producer

(Based on the application form and OMP received)

Name of the Farm and Address:

Standards Applicable:

REVIEW of APPLICATION	Yes/No	Comment
Is the information in application form is complete and compliant to standard requirements to make an offer (Total Organic Area, signature by the responsible person requesting certification etc.)?		
Is it possible to inspect? Does operation within scope? Qualified Inspector available for taking up this inspection?		
If already certified by previous certifier; the year of application; the outcome of the application submission, notification of NCs or denial of certification, correction of any non-compliance, complaints/ contamination details are available		
Are all documents submitted for registration along with application complete and compliant with the standard requirements? Has operator disclosed all required information as per the standard requirements?		
Review of Organic System Plan- Individual Farmer		
Did operator provide all information in organic system plan for all organic and non-organic crop production activities?		
Are all operations compliant with the standard requirements?		
Conclusion: offer can be made to the Individual Crop Production? If one or more answered with NO, offer is not possible!
